## PRESENT TEACHINGS FOR PEOPLE OF EARTH

World Report: Recover ONENESS AND PEACE!

“It would be good advice if with individuals with whom you come into contact, and are willing to listen to what you have to divulge to them or share with them, that individuals begin to understand to look to their own individual selves, and to those with whom they are in contact with, as well as, their own FAMILY UNITS to begin to converse with one another, find ways of agreeable situations find ways of PEACEFUL solutions to their problems.

Therefore that these individuals let it be understood that they seek to find that those with whom they have as governing bodies upon your world (the earth planet), which at present is continuing to be called by its present name (but in future: Terra) Saros and Shan, which means Repetitive Affliction, or repeating the same unfortunate MISTAKES again and again. They need to make these changes so that your world begins to find CALMNESS and further to find that these situations which have affected the conditions across your world will begin to SUBSIDE, that is, these continuing separations of your earth, such as FAULTIC AND SEISMIC MOVEMENTS, and the VOLCANIC ERUPTIONS will begin to ease in their actions as we (ETs) observe upon your earth....”

BERMUDA TRIANGLE SOLVED

Many people have wondered and feared what has come to be known as the ‘Bermuda Triangle’—where ships and planes have disappeared ...

...back to the days of Atlantis...went down in a great cataclysm some 15,000 years ago (B.C.E.—editor) which was also confirmed and photographed by explorer Jacque Cousteau ...

The Atlantean civilization solved the problem of energy for their everyday use, such as for cooking, ...They were also visited by alien beings ... on a daily basis who monitored the progress of the Atlantean civilization for thousands of years. At the time of the Atlantean civilization disaster, they (ETs) had built a gigantic crystal generator from which they drew energy. When Atlantis submerged, the crystal generator continued to pulsate – creating a triangular force field in the Bermuda region—thus coming to be known as the ‘Bermuda Triangle.’

The aliens explained this way: ‘The Bermuda Triangle is a remnant of the crystal generator, which is under deep water and is still pulsating in energy from the higher dimensions. When ships or planes go into the RAY BEAM (capitals-editor), since it exists in extremely high frequencies, the physical atoms are transmuted into the inner dimensions. The people are not disintegrated...only changed in frequency. ...With proper psychic guidance it could be changed in frequency output by a higher frequency....Concerning the use of crystal energy for present-day Earthmen...’A full-scale tower will be 2,000 feet tall and 500 feet in diameter at the bottom...a gigantic Beam of power projected from the large spherical lens atop the tower. All that will be necessary .. to tap into this great ...power will be a spitball short antenna placed upon the roof...”
